Your household outage plan

Fill this out together. Keep a printed copy where everyone can find it, and a copy on your phone.

Household / address | Last reviewed / next review

Utility outage phone or reporting address | Local alert source

Nearby contact + phone | Out-of-area contact + phone

Who checks on each person or pet? Include who can help if you are away.

Essential medicines / equipment: instructions from your care team, backup arrangements and contact

When will we leave? Record household-specific triggers and any official evacuation instructions.

Where will we go? Include address, contact, transport and pet arrangements.

Where are the kit, flashlights, documents and spare chargers? How will we check in?

Keep this private. This worksheet is for your household. Store completed copies securely.
Practice once: walk through the plan together and confirm your contacts can help.
